Technician Training Experience (TTE)

Deadline to submit applications:

16-MAY-2016 (Selection Committee 15-JUNE-2016)

What could be a better boost for your career than a 2 year contract in a hi-tech Organization? Get your first work experience at CERN! Take part!

The **TTE** programme is aimed at technicians who are looking to get a first, great professional experience to further their career, or before they embark on advanced study programmes

We welcome applications from talented technicians who will have the opportunity to work in a diversity of fields at the cutting edge of technology: electronics, electricity, mechanics, IT, vacuum, cooling and ventilation, safety, radioprotection, survey engineering, are but a few of the examples of the many domains in which successful applicants will learn and contribute their knowledge.

Candidates will be considered by a panel of CERN experts for a position within the programme.

The selection committee will take place in **June 2016**.

You can view some examples of projects given in the past under the following [link](#)
